## PROFESSIONAL SUMMARY

As a computer science student, I am seeking internships to gain practical experience in the tech industry. My academic foundation, combined with my internships in web development, has equipped me with skills in programming languages such as Java, C, HTML, and CSS. I am enthusiastic about learning and contributing to innovative projects while enhancing my professional skills

---

## EDUCATION

**Bachelor of Technology in Computer Science**

**2022 - 2026**

Vignan's Institute Of Engineering For Women

Percentage: 68.46%

**Board Of Intermediate Education**

**2021 - 2022**

Sri Chaitanya Junior College

Percentage: 78%

**Board Of Secondary Education**

**2019 - 2020**

Z P High School - Jami

Percentage: 98.33%

---

## INTERNSHIPS

**HMIES Organisation**

**May 2025 - Present**

- Working on developing and implementing artificial intelligence and machine learning models to solve real-world problems. Utilized techniques such as data preprocessing, feature engineering, model selection, training, evaluation, and deployment.

**ExcelR EdTech Pvt.Ltd**

**Jun 2024 - July 2024**

- Worked on designing, developing, and maintaining websites using HTML, CSS, JavaScript.
  - Developed a personal portfolio website showcasing skills and experience
  - Built a responsive website for a client using HTML, CSS, and JavaScript
- 

## PROJECTS

**Personal Portfolio**

- A personal website highlighting my projects, technical skills, and contact details, built to showcase my web development abilities.

**Responsive Landing Page**

- Created a responsive landing page to promote educational services and courses, with clean layout and user-friendly navigation.

**Simple Calculator**

- Designed and implemented a basic calculator using HTML, CSS, and JavaScript. The calculator performs fundamental arithmetic operations with an intuitive user interface.

**Hand Gesture Recognition (AI & ML):**

- Designed a gesture recognition system to aid communication for hearing and speech-impaired individuals using AI, computer vision, and ML techniques.

---

**ADDITIONAL INFORMATION**

- **Technical Skills:** Programming Languages(Java, C, HTML, CSS), Microsoft Office
- **Languages:** English, Hindi, Telugu
- **Certifications:** NPTEL Online Certification - Data Base Management System
- **Courses Completed:** Generative AI by Google Cloud, Hands-On MEAN Stack Web Development
- **Strengths:** Leadership, Good communication skills, Quick Learner, Time management, Continuous Learning
- **Participations:** Participated in coding challenges held at college level, Participated in hackathon conducted by GDG WOW 2025 at GITAM University, Visakhapatnam.
